Dear.Khun Bruce

I asked him then . Around the end of next week. Now the ship is out of Singapore .  
I feel uncomfortable. Two to three days before. My children have been abused by his mother . I am the daughter of a brain tumor . And the son 's leg was broken . Now in the hospital.  
And his mother fled to a lawsuit because you can not compromise it. And also with my money .

Because now that I've done it too many times already . I have to pay twice as much to a team . Now for the final after finishing work remaining approximately 320,000 baht  
If you are going to show some mercy . Would interfere with the withdrawal of about 100,000 baht to pay to keep it to a team . And I will go to pay for medical care . To my children .

Since the time I worked for a restraining order . He cheated me , I went to the final installment of \$ 500,000 was suffering and I was made out of funds.

For.Hatches I put the lasin to it. I will bring in the week.

Best.,Regards  
Gig.

I hope you had a good Sunday and had some fun.  
Have you heard from East Marine if the paint will be here soon?  
Also, will the engine room hatches be finished soon.
